The Bustling, Busy Bargain Mart for Clothing

The best test of merit is success. Anything that is a success from the start must possess elements of great popularity. This is the age of competition, and as the MI? FIT CLOTHING PARLORS, 262 Second eet, have in a short time jumped to the front as the leaders in fine clothing at low prices, there must be some points in which we are far superior to other clothing ouses. Now let us explain these points. Merchant tailoring clothing is always of good material. The Misfit Parlors sell othing but merchant tailors' goods.

Merchant tailors' clothing is carefully made, and the bindings and trimmings are chosen with a special view to giving good service. Nothing but merchant tailors' clothing is found at the Misfit Clothing

The Mirfit Clothing Parlors are constantly receiving new goods, so that we always have the latest styles and the freshest and best assortment of goods. Last, but not least, we pay the tailors less than half price for their fine misfit

and uncalled-for garments, and we can hus afford to sell at half price. Bargains can only be found at a place that buys at bargain rates. Nothing but argains come to the Misfit Clothing Parors, so that whatever you buy from us you can depend upon getting at bargain

It is low buying that enables us to sel o low. This is the secret of our success.

By a resolution adopted by the Board of Directors of Calvary Cemetery Association at their last monthly meeting, I have been instructed to publish officially that Mr. J. MacDuff Derrick, civil engineer, who has been engaged for the past five months in recently agents and plat hooks. who has been engaged for the past five months in preparing maps and plat books of the cemetery, has completed his labors in a very satisfactory and creditable manner. He has prepared two volumes of maps, showing all the family burial lots in the cemetery, together with an additional subdivision of Chapel Hill and design for a mortuary chapel. The Board of Directors desire to express putilicly their appreciation of the accuracy of the survey, the clear and masterly execution of the maps, the artistic beauty of the work in general, and also of the great merit of the original designs contained in the work. The association cordially recommends Mr. Derrick to the people of the city of Memphis as a gentleman of great ability in his particular line, and thoroughly de-
